A GREAT PLACE TO WORK & LIVE!

We opened the Market Cross Pub in 1994 in Downtown Carlisle and with the help of the DCA and Chamber at the time we were an instant success. My wife was from here and I fell in love with the area and we felt it would be a great place to start our pub and raise our family. With the support from the entire community and the visitors to Carlisle, we have seen growth even after 20 years. We have expanded over the years adding a Brewery in 2000 and we feel it was a worthwhile investment into our future here in Carlisle. Now the second generation is taking over with our daughter Ashleigh.

CARLISLE

Pennsylvania

I chose Carlisle for my wine shop because I've lived in the area for almost 15 years and have grown to love the town and all it has to offer. Carlisle has a very diverse collection of shops, restaurants (many BYOB), residents and visitors. It's a nice sized town with lots of history and has not been absorbed into the greater Harrisburg area. There is still nice open space and farmland on all sides of Carlisle which makes it truly a stand alone and stand out destination town.

- **Alan Tumblin, Castlerigg Wine Shop**

My customers are diverse! The US Army War College, Dickinson, Carlisle Events Car Show visitors, tourists from around the country and around the world, residents or people who work in Carlisle all visit my shop. Visitors from Harrisburg or other surrounding cities who come to Carlisle as a convenient day trip destination usually find me before they leave town as well.

Managing a shop in downtown Carlisle for the past two years has presented inherent challenges, however we couldn't be in a more supportive environment. The Carlisle Chamber of Commerce, Downtown Carlisle Association, and the Cumberland Valley Visitor's Bureau have been tremendous resources and advocates for *the greatest gift*. It's nice to know that you aren't going at it alone and that there are organizations out there working to ensure your success. The shop has attracted an amazing community of people who have enjoyed the artists, products, and environment offered - we couldn't be more blessed.

- **Kristin Tuckey, the greatest gift**

VIBRANT . ENGAGED . ACTIVE . DOWNTOWN
